

# TASK 1

## Problem:

Write a **C program** to draw a Fountain as given below. The size of the Fountain should vary according to **n** value.

### Example:

```
Enter the value of n: 5
*
* *
* * *
* * * *
* * * * *
* * * * *
* * * * *
* * * * *
* * * * *
* * * * *
* * * * *
* * * * *
* * * * *
* * * * *
* * * * *
```

Process returned 0 (0x0) execution time : 4.462 s  
Press any key to continue.

```
Enter the value of n: 6
*
*      *
*    *    *
*  *        *
* *          *
*            *
*
*
*   *   *
*  * * *
* * * *
* * * * *
* * * * *
* * * * * *
```

Process returned 0 (0x0) execution time : 3.167 s  
Press any key to continue.
